Subject	Material Approval Application (M-0040_REV. A) CARBON STEEL PIPES, FITTINGS AND FLANGES FOR STATION PIPING

Dear Mr. Mohammad Al Feil,

The submission of Material APPROVAL (M-0040_Rev.A) CARBON STEEL PIPES, FITTINGS AND FLANGES FOR STATION PIPING from SSEM on 23rd of November 2019 via SSEMR-EF-L-0876.

Please find the following remarks:

The request of Material Approval is **Approved as Noted**.

Best regards,
ILF Consulting Engineers

Adolf Mayr
Project Manager T-TRK WTS

Drawing / Doc Comment Ref	Description of Comment / Remark	Reference Contract Section (if Applicable)
1	Contractor seeking approval of Material supplier (SPTE & C&N Industrial Group limited) proposed only for Fittings : Elbows(Long & Short Radius), Tees(Straight & reduced), Reducers(Eccentric & Concentric), & Branch outlet fittings (Weldolets) through this submittal.	
2	All pipe fitting materials shall be of the type and grade named in the specification M08, Piping materials for Stations(Clause 4.4.2) and to be installed under the contract requirement as per API 5L.	QC10-H-048 Rev. 5
3	The Contractor shall submit calculations and dimensional drawings to the Engineer for approval. The ends of fittings shall have the same wall thickness as the line pipe wall thickness to which they are to be connected. Tolerances for wall thickness of fittings shall be according to the dimensional standards mentioned above or shall meet the requirements regarding tolerances for wall thicknesses of pipes specified in API 5L, Table 11, whichever is more stringent.	QC10-H-048 Rev. 5
4	Supplier to submit Inspection & Testing Plan for the fittings under their scope.	
5	Contractor to clarify the supplier compliance on Painting, Lining & Coating for the fittings under the contract.	

6	<p>General :</p> <p>Preservation, handling, storage and transportation of pipes, fittings, flanges, special components, etc. shall be done according to the Specification M18 "Handling, Storage and Transportation of Line Pipe Material" QC10-H-058.</p>	<p>QC10-H-048 Rev. 5</p>
7	<p>Contractor shall confirm the compliance the contract requirement. As per Specification M08 Piping Material for Stations - Clause 5 Inspection & Testing and General Requirements.</p> <p>Testing shall follow the requirements as per ASME 31.4 but not limited to - Paragraph 437.1.4 : Testing After New Construction, Paragraph : 437.4.1 Hydrostatic Testing of Internal Pressure Piping, Paragraph 437.4.3 : Leak Testing.</p> <p>Non-Destructive Testing requirements to follow but not limited to radiography, ultrasonic, magnetic testing, liquid penetrant, visual, leak testing, eddy current, and acoustic emission, or a testing technique, such as magnetic flux leakage, magnetic-particle inspection, shear-wave ultrasonic, and contact compression-wave ultrasonic.</p>	<p>QC10-H-048 Rev. 5</p>
8	<p>Material take off for the Fittings, Types, Sizes & Class were not reflected in the submittal. Contractor to submit the quantity for each package and by location.</p>	
9	<p>Contractor to provide the lead time schedule for manufacturing the proposed fittings (delivery schedule).</p>
